Kenan Dolic

SUMMARY

A results-oriented and customer-focused professional with exceptional communication, organization, and management skills with the ability to learn quickly

PROJECTS

YelpCamp Web Application

Jul 2020 - Nov 2020

- Developed an application that allowed users to see campsites and add comments, reviews, upload images, authentication/authorization, display campground location on Google Maps, etc.
 - Technologies: JS, Node, Express, MongoDB

Please Pass The Love (PPTL) Mobile Application

Jan 2020 - Apr 2020

- Utilized agile development strategies by creating a wireframe and business process flow chart to develop an Android/IOS application for a non-profit organization called Please Pass The Love
 - Documentation: LinkedIn - Projects

SQL Database Design - Iowa State Athletic Department

Sep 2019 - Dec 2019

- Applied database design, development, and implementation through building an entity-relationship diagram, logical schema, and SQL code. Relational & object-oriented DBMS. Iowa State Athletic Department
 - Documentation: LinkedIn - Projects

EXPERIENCE

Men's Selling Specialist

Jun 2018 - Mar 2020

Dillard's

- Contributed over \$200,000 dollars in personal sales for 2019
- Delivered excellent customer service through online purchase transactions using the company's software
- Collaborated with managers, team members, and merchandisers to achieve the company's daily sales goal
- Drove sales by building a strong customer base by providing product guidance, resolving customer issues, and opening 14 new accounts for the company within a 30 day frame

Men's Sales Associate

May 2016 - Jun 2018

Younker's

- Engaged customers in order to provide to them what they need in terms of product and quality services by demonstrating technical selling skills and product knowledge
- Assisted and trained 3 new team members in cash register responsibilities including balancing, handling customer purchases, and counting the cash register
- Successfully completed phone and online customer transactions using POS system software to deliver what the customer needed
