PROJECTS

DEV.FIT | Full Stack Developer

Apr 2021 - Present

A React web application built remotely with another colleague that allows users to register/login and keep track of their workout log, intermittent fasting, personal goals, and streaks for consistency.

React.js | CSS | Node.js | Express.js | PostgreSQL

Github: <https://github.com/kdolic/react-node-fitness>

- Solely responsible for developing the project's back end and server-side functionality including creating migrations/seeds, building endpoints for goals and exercises, and deployment through Heroku
- Developed the home page, login/register, and user dashboard components of the application

Human Rights First | Front End Developer

May 2021 - Jun 2021

A React web application for journalists to view use-of-force reports by police across the United States of America.

React.js | Redux | React Map GL | Ant Design | Axios | Chart JS | Okta Auth

Github: <https://github.com/Lambda-School-Labs/human-rights-first-police-fe-b>

- Incorporated pair programming and Agile methodologies while working on a remote, 9-person team of data scientists and web developers to deliver a minimum viable product for a stakeholder within one month
- Integrated a search results count feature that provides feedback to the user after a search request is made through the search box or heatmap

EXPERIENCE

Peer Mentor

Jan 2021 - Apr 2021

Lambda School | Remote

- Led meetings with two peer mentees three times a week to review tasks
- Prepared mentees for later course modules by encouraging them to explore learning opportunities and to persevere with challenging tasks
- Provided useful feedback in HTML, CSS, JavaScript, React development to two mentees for improvement

Men's Selling Specialist

Jun 2018 - Mar 2020

Dillard's | West Des Moines, IA

- Contributed over \$200,000 dollars in personal sales in the year of 2019
- Collaborated with managers, team members, and merchandisers to achieve the company's daily sales goal
- Drove sales by building a strong customer base by providing product guidance, resolving customer issues, and opening 14 new accounts for the company within a 30 day frame
